

# Future Continuum of Autism Services

For more information on autism, please see [Ontario.ca/autism](https://ontario.ca/autism)

# Expected Outcomes

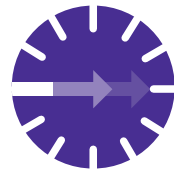

Improved and expanded services to serve more children

More individualized and flexible services to meet children's needs

Increased capacity to recognize the early signs and diagnose ASD

More children will receive **the right services at the right time**

**REDUCED WAIT TIMES** for children's autism services

Improved family experience through a new integrated autism program

More children will access **early intervention services sooner**

Over time, **improved access to services for adults** with ASD
