

Multi-Year Accessibility Plan for 2012 – 2023 Reviewed and Updated December 2017

The **Integrated Accessibility Standards Regulation** (IASR) under the **Accessibility for Ontarians with Disabilities Act** (AODA) requires Hands TheFamilyHelpNetwork.ca to develop a multi-year plan every five years to prevent and remove barriers for persons with disabilities.

Hands strives to provide goods and services in a way that respects the AODA principles of dignity, independence, integration and equal opportunity. Hands is committed to giving people with disabilities the same opportunity to access agency goods and services and to benefit from the same services, in the same place and in a similar way as other customers. Hands is committed to inclusion and accessibility for persons with disabilities.

The Agency's accessibility plans will help to inform planning requirements under the Integrated Accessibility Standards Regulation (Integrated Regulation) enacted July 1, 2011 under the **Accessibility for Ontarians with Disabilities Act** (AODA). The AODA requires Hands TheFamilyHelpNetwork.ca to develop, implement, and enforce accessibility standards so that goods, services, facilities, accommodation, employment, buildings, structures, and premises are accessible to persons with disabilities.

Hands TheFamilyHelpNetwork.ca remains committed to improving accessibility through the identification, removal and prevention of barriers in our organization. Working with our employees and with our clients ensures that accessibility is given significant consideration.

This plan has been developed by our Accessibility Advisory Committee in accordance with the Integrated Regulation. It outlines a strategy to prevent and remove barriers and address the current and future requirements of the AODA. It will be provided in an alternative format upon request.

Requirements /steps	What must be done? Planned action	Responsibility	IASR compliance date	Completed	Steps undertaken /supporting documentation
Provide Accessible Customer Service	Train staff and volunteers to serve customers of all abilities	Senior Manager of HR	January 1, 2012	Yes - ongoing	AODA training for all existing employees/volunteers has been completed and training is in place for all new employees/volunteers at orientation.
	Keep a written record of the training			Yes - ongoing	A certificate or document attesting completion is printed for all persons who undertake the online-training and this is sent to HR who keep a written record.
	Welcome service animals and support persons			Yes - ongoing	A sign is posted on all agency site front doors and is posted on our website
	Create accessible ways for people to provide feedback			Yes - ongoing	There are feedback forms available from reception in each of our sites and they are also available on our website. Feedback options are also listed on our TV screens found in each site reception area.
	Put an accessibility policy in place so employees, volunteers and customers can know what to expect			Yes - ongoing	Policies have been developed and can be found on Z drive (shared Agency network folder)
Provide accessible emergency and public safety information	When asked to provide publicly available emergency information, like evacuation plans or brochures		January 1, 2012	Yes - ongoing	The emergency response plan is posted on the agency website and can be found on the Z drive (shared Agency network folder). All offices display the emergency evacuation plan sheet and site evacuation plans are posted on H&S bulletin boards in agency sites. The Agency will make arrangements to assure that materials are provided in accessible formats according to the needs of any specific request.
Provide	When necessary, provide		January 1,	Yes -	Should an employee require

Requirements /steps	What must be done? Planned action	Responsibility	IASR compliance date	Completed	Steps undertaken /supporting documentation
accessible emergency information to staff	accessible and customized emergency information. You should provide this information as soon as an employee asks for it when you become aware an employee may need accommodation in an emergency		2012	ongoing	accommodation in an emergency, a plan is put in place as soon as the agency is aware of the need.
Create accessibility policies and a multi-year plan	Create policies and multi-year accessibility plan to help in achieving accessibility goals	Accessibility Advisory Committee	January 1, 2014	Yes	See multi-year plan on Z drive (shared Agency network folder)
	Tell our employees and customers about our policies			Yes - ongoing	All AODA policies and procedures were reviewed and updated in 2017; updates were shared with all employees. Information highlighting the Agency's commitment to accessibility has been posted on TV screens in each of our office waiting rooms. AODA policies and procedures, as well as resources, are shared on our web site: http://www.thefamilyhelpnetwork.ca/accessibility-for-ontarians-with-disabilities-act
	Post the multi-year plan on our website in an accessible format			Yes - ongoing	Multi-year plan is available on our web site at: http://www.thefamilyhelpnetwork.ca/accessibility-for-ontarians-with-disabilities-act
Consider accessibility when	Includes interactive electronic terminals <ul style="list-style-type: none"> • Technical features: 		January 1, 2014		We do not have any self-service kiosks however we will apply required accessibility guidelines should kiosks be

	<p>outdoor play spaces.</p> <p>Public outdoor play spaces include:</p> <ul style="list-style-type: none"> • play equipment and structures (e.g., slides, swings and splash pads) • natural features (e.g., logs, rocks, sand or water intended for play) <p>To meet the requirement, you must:</p> <ol style="list-style-type: none"> 1. consult with the public and local people with disabilities before you design and build public outdoor play spaces (municipalities must also consult with their <u>accessibility advisory committees</u>). 2. enhance the play area with features that will allow children and caregivers with a wide range of abilities to play 3. make the surface of the play space firm and stable so people using mobility devices can move around easily and prevent injuries 4. ensure there is enough space around the play 				

Requirements /steps	What must be done? Planned action	Responsibility	IASR complia- nce date	Comple- ted	Steps undertaken /supporting documentation
	<p>features; children and caregivers with disabilities should be able to move easily into the play areas and around play equipment</p> <p>For example: A municipality is planning to build a new outdoor place space in their community. First, they consult with their accessibility advisory committee and community members about what they will need in the play space.</p>				
	<p>Public outdoor paths of travel (pertains to beach access routes and recreational trails as well as sidewalks and walkways that serve a functional purpose like walking to work or school</p>				<p>This does not pertain to our agency.</p>
	<p>Parking lots</p> <ul style="list-style-type: none"> • By law, you must make both on-street and off-street parking accessible if you are: <ul style="list-style-type: none"> ▪ Building new parking spaces and planning to maintain them ▪ Redeveloping existing parking spaces and planning to maintain them • If you belong to a public-sector organization, you must make on-street parking available <ul style="list-style-type: none"> ▪ It includes parking spaces 				<p>The new facility to be located on Oak Street in North Bay is being designed to ensure compliance with this legislation.</p> <p>New off-street parking lot at our Parry Sound Site is compliant with this legislation.</p>

Requirements /steps	What must be done? Planned action	Responsibility	IASR compli- ance date	Comple- ted	Steps undertaken /supporting documentation
	<p>provided by designated public sector organizations for public use on: streets; highways</p> <ul style="list-style-type: none"> ▪ To meet the needs, you must consult with the public and people with disabilities on the need, location and design of accessible on-street parking spaces • You must make new off-street parking accessible if you are a: private or non-profit organization with 1 or more employee(s) • To meet the requirements, you must include a minimum number of each type of accessible parking space. Types of parking spaces include: <ul style="list-style-type: none"> ▪ Wider spaces for people who use mobility aids (i.e. wheelchairs) ▪ Standard-width spaces for people who use mobility-assistive devices (e.g. canes, crutches) • Include extra spaces, called access aisles between parking spaces. The access aisles must be wide enough for people with disabilities to get in and out of their vehicles. • Clearly mark all accessible spaces with the required signage. 				

Requirements /steps	What must be done? Planned action	Responsibility	IASR complia- nce date	Comple- ted	Steps undertaken /supporting documentation
	<p>Exceptions to off-street parking</p> <ul style="list-style-type: none"> • You do not have to meet the requirement if: <ul style="list-style-type: none"> ▪ Parking areas are not intended for public use ▪ Extra parking spaces are not designed for people with disabilities because accessible parking is already available on the same site ▪ Parking areas are not located on a barrier-free path of travel (as defined under Ontario’s Building Code) ▪ Areas are used exclusively for parking buses, delivery vehicles, law enforcement vehicles, ambulances or impounded vehicles. <p>If you are limited by physical constraints on the site, you must work within these constraints to comply with the requirements, as much as possible. This may mean providing fewer accessible parking spaces than required.</p>				
	<p>Service counters and waiting areas</p> <p>By law, you must make both service counters and waiting areas accessible if you are:</p>				<p>The new facility to be located on Oak Street in North Bay is being designed to ensure compliance with this legislation</p>

Requirements /steps	What must be done? Planned action	Responsibility	IASR complia- nce date	Comple- ted	Steps undertaken /supporting documentation
	<ul style="list-style-type: none"> • a private or non-profit organization with 1+ employee(s) or a public-sector organization; and • building new service counters, fixed waiting lines or fixed seated waiting areas or making major changes to existing service counters, fixed waiting lines or fixed seated waiting areas <p>You do not have to change existing service counters, waiting lines or seated waiting areas to comply with the law.</p>				
	<p>Service counters</p> <p>Service counters may be desks or counter spaces where people have face-to-face conversations with staff to receive service. Some examples are reception desks, ticketing windows, foodservice counters and check-out counters. The service areas can be indoors or outdoors. To meet the accessibility requirements, you must:</p> <ul style="list-style-type: none"> • make at least one service counter accessible to people who use mobility aids, such as wheelchairs. The area should be low enough to allow the person 				See note above.
