When I'm close to water I will hold hands with an adult.

Water can look different in different places.

I will always stay close to an adult
when I'm near any water.

I will wear my life jacket when I'm
close to water.

Wearing my life jacket keeps me
safe.

I will ask an adult for help to get toys
out of the water.

I need to ask an adult before I
go into the water.

When I follow the rules, water is fun
and I stay safe.
